REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art does not disclose nor render obvious the claimed combination of subject matter of a cyclone dust collecting apparatus comprising a cyclone body that has upper and lower parts, inflow and outflow passages, and is removably connected with an upright vacuum cleaner body; a grill body that has a lower opening and a connection passage for connecting to the outflow passage; a shielding member removably connected to the grill body in order to shield the lower opening thereof; a dust collector removably connected with the lower part of the cyclone body in order to collect dust that is separated in the cyclone body; and blocking means for preventing the dust collector from being connected to the cyclone body when the shielding member is not previously assembled with the grill body. The blocking means being the most critical element in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Terrence R. Till whose telephone number is (571) 272-1280. The examiner can normally be reached on Mon. through Thurs. and every other Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert J. Warden can be reached on (571) 272-1281. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
